

NCCAA App Master Help File

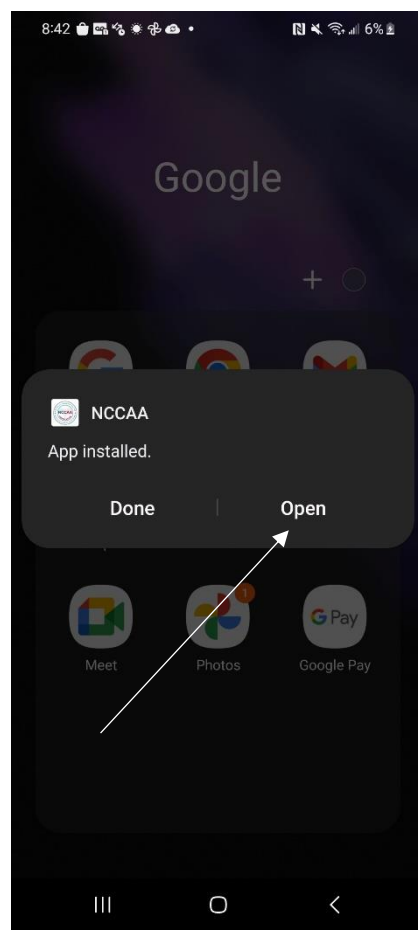

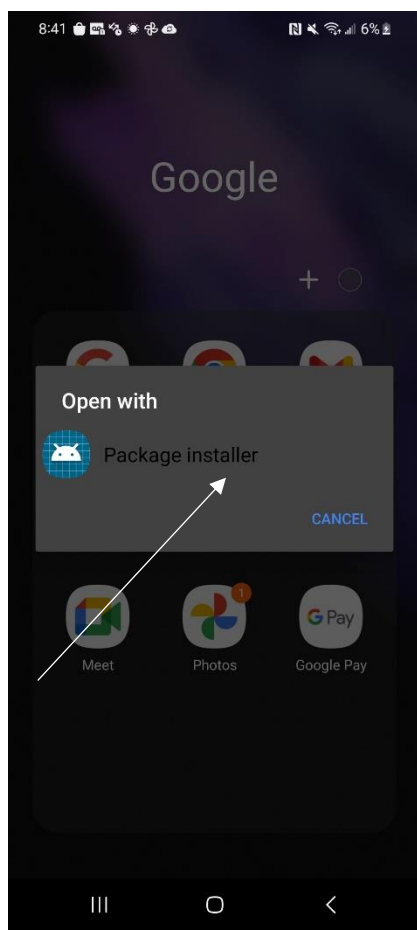

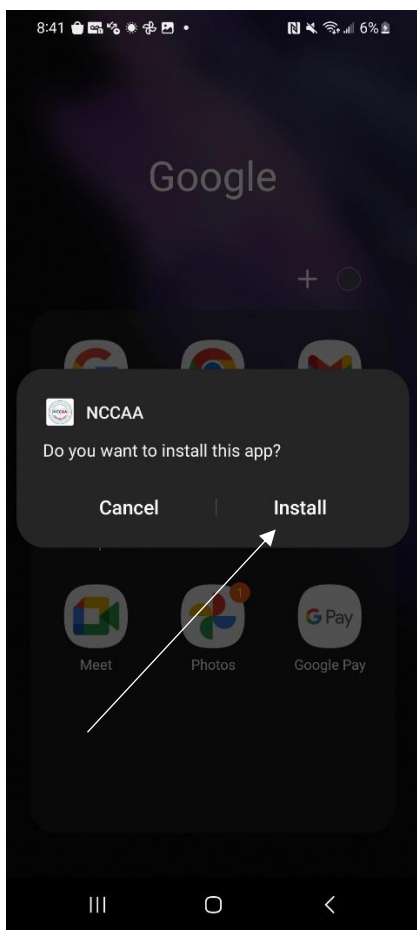

How to Download the NCCAA App:

1. **Using a Device Browser:** Open the browser on your device and navigate to the NCCAA website: <https://www.nccaaest.org/logincaamember.php>. You will find the most current download link on our website.
 - For iPhone or iPad users, select the App Store. For Android users, choose Google Play.

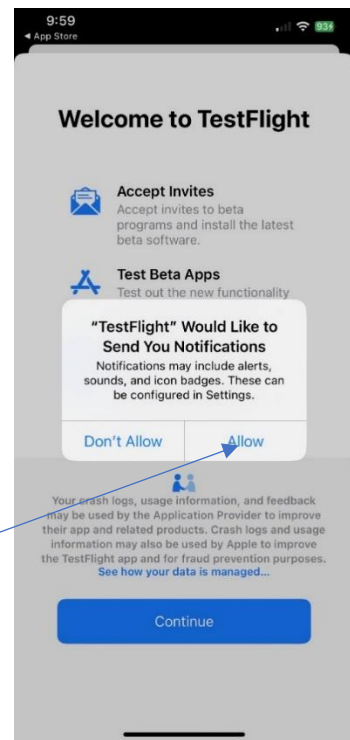

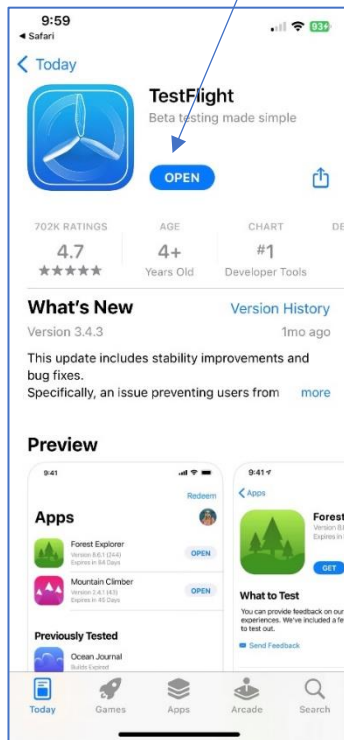

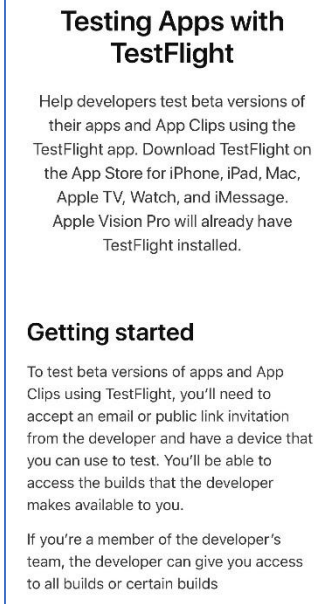

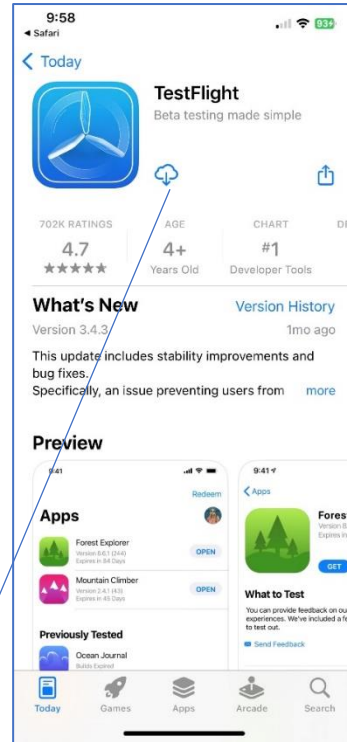

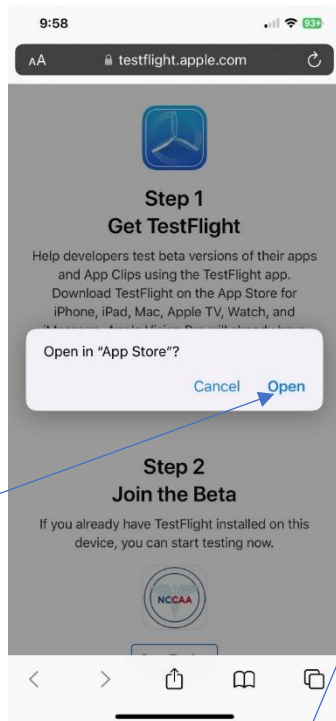

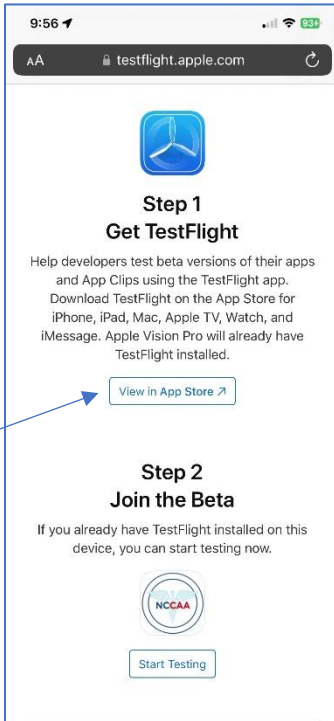

2. **Download the App:** Once you've located the appropriate link for your device, click on "Download" to start the installation process of the NCCAA App.

iPhone download example

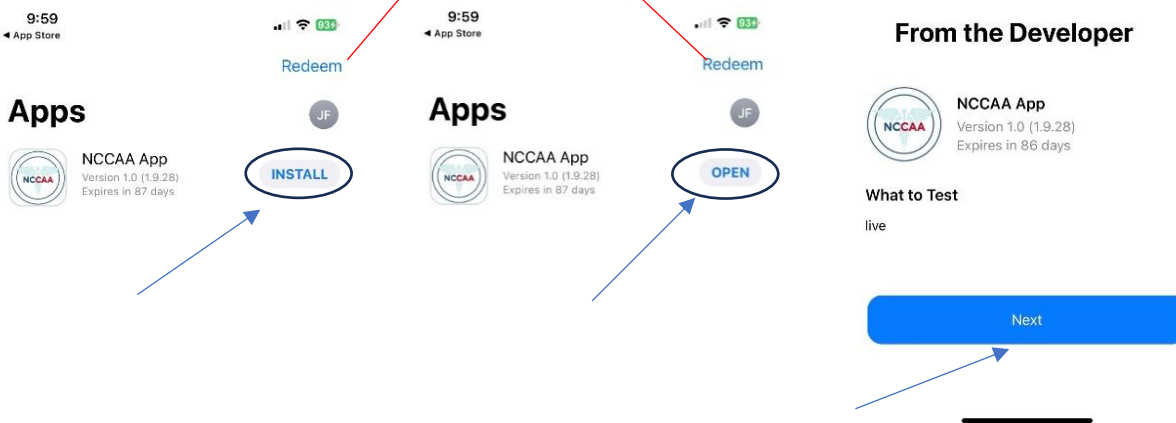

Download and install the Apple Test Flight app (NCCAA web page download link – App Store)

Sign in with your Apple ID

Download and install the NCCAA app

Choose "INSTALL" and avoid selecting "Redeem." Choosing "Redeem" triggers a pop-up requesting an invitation code, which is not required for this process. If prompted for an invitation code, it indicates the incorrect selection of a button or link. The objective is to install TestFlight, which is a distinct application and not related to the NCCAA app. However, Apple mandates the installation of TestFlight to enable the usage of the NCCAA app.
